Foam Cannon

Turn any pressure washer into a high powered foamer

SPECIAL OFFER

Receive a Free 5 litre
CYCLO Snow Foam Auto Shampoo
with your purchase of a CYCLO Foam Cannon

This offer is only available for a limited time.

Cover your vehicle in a flurry of foam quickly
with the
CYCLO Foam Cannon!

This foam lance works with virtually any pressure
washer to produce a thick, clingy foam.
Give your vehicle a "touch free" wash with the
high powered foam gun.

The CYCLO Foam Cannon will blow you away!
The kit includes a solid brass male nipple and
your choice of one pressure-washer fitting.

The benefit of using a foam gun to deliver soap
to the vehicle is that it doesn't require you to
touch the vehicle, which could rub dirt against
the paint.

The CYCLO Foam Cannon sprays the vehicle
with a thick coat of soap to loosen and lubricate
dirt. On dusty or lightly dirty vehicles, you may
not even need to hand-wash.
